

FOR IMMEDIATE RELEASE

NICE Actimize Launches the Next Generation of Financial Crime and Compliance Investigations with New Generative AI Solutions

Three groundbreaking solutions expedite the speed of investigations by over 50% with the power of Generative AI

Hoboken, NJ, February 15, 2024 – NICE Actimize, a [NICE \(Nasdaq: NICE\)](#) business, announces three advanced generative AI-based solutions designed to fight financial crime and allow organizations to significantly reduce the manual and labor-intensive tasks currently employed in financial crime investigations and reporting. Offering up to a 50% reduction in investigation time and 70% time savings in SAR filing, these innovations provide unprecedented efficiency in financial crime and compliance risk management programs.

With generative AI embedded into NICE Actimize's advanced [ActOne enterprise risk case management](#) platform, two of these cutting-edge solutions, X-Sight AI Assist and X-Sight AI Narrate, transform financial crime by reducing manual tasks and seamlessly expediting workflows with existing policies and procedures. ActOne enterprise risk case manager is trusted by the world's leading financial services organizations and is used by over 300,000 analysts and investigators daily.

A third solution, NICE Actimize's [Xceed FraudDESK CoPilot](#) is its new Fraud Analyst Assistant Generative AI chatbot, which uses generative AI to create unprecedented efficiency gains in operational analysis.

"Generative AI is a powerful tool in fighting financial crime. Anti-money laundering, fraud, and market manipulation scenarios benefit from the cost and time savings that generative AI provides," said **Craig Costigan, CEO, NICE Actimize**. "NICE Actimize's use of generative AI services provide a monumental step forward in helping financial institutions evolve financial crime and compliance programs and address their growing costs."

Targeted Generative AI solutions

Offering solutions for all types and sizes of financial institutions, NICE Actimize features these generative AI capabilities in both its X-Sight and Xceed platforms, including:

- **X-Sight AI Narrate** intelligently synthesizes suspicious transaction data and investigation intelligence generating coherent, comprehensive, and compliant SAR narratives, speeding up SAR filings by up to 70%.
- **X-Sight AI Assist** summarizes, analyzes, and enriches alerts and cases, meeting each institution's unique needs while providing pertinent information and guidance to realize efficiency gains of up to 50%.
- **Xceed FraudDESK CoPilot** handles the repeatable, tedious, labor-intensive aspects of alert triage, prioritizations, and case narrations, providing unprecedented efficiency gains of up to 80% for mid-market banks and credit unions.

Forward-Looking Statements

This press release contains forward-looking statements as that term is defined in the Private Securities Litigation Reform Act of 1995. Such forward-looking statements, including the statements by Mr. Costigan, are based on the current beliefs, expectations and assumptions of the management of NICE Ltd. (the "Company"). In some cases, such forward-looking statements can be identified by terms such as "believe," "expect," "seek," "may," "will," "intend," "should," "project," "anticipate," "plan," "estimate," or similar words. Forward-looking statements are subject to a number of risks and uncertainties that could cause the actual results or performance of the Company to differ materially from those described herein, including but not limited to the impact of changes in economic and business conditions; competition; successful execution of the Company's growth strategy; success and growth of the Company's cloud Software-as-a-Service business; changes in technology and market requirements; decline in demand for the Company's products; inability to timely develop and introduce new technologies, products and applications; difficulties in making additional acquisitions or difficulties or delays in absorbing and integrating acquired operations, products, technologies and personnel; loss of market share; an inability to maintain certain marketing and distribution arrangements; the Company's dependency on third-party cloud computing platform providers, hosting facilities and service partners; cyber security attacks or other security breaches against the Company; privacy concerns; changes in currency exchange rates and interest rates, the effects of additional tax liabilities resulting from our global operations, the effect of unexpected events or geo-political conditions, such as the impact of conflicts in the Middle East that may disrupt our business and the global economy; the effect of newly enacted or modified laws, regulation or standards on the Company and our products and various other factors and uncertainties discussed in our filings with the U.S. Securities and Exchange Commission (the "SEC"). For a more detailed description of the risk factors and uncertainties affecting the company, refer to the Company's reports filed from time to time with the SEC, including the Company's Annual Report on Form 20-F. The forward-looking statements contained in this press release are made as of the date of this press release, and the Company undertakes no obligation to update or revise them, except as required by law.
